# TERRIFIC ERUPTION.

## Awful Throes of Mont Pelee.

### Outbreak Yesterday the Worst of All.

#### Panic Among the Population of Fort de France.

##### Destruction of St. Pierre is Now Complete—Prentiss' Body Recovered.

(BY DIRECT WIRE TO THE TIMES.)  
NEW YORK, May 20.—(Exclusive Dispatch.) The Sun's cable from Fort de France says:

"A little after 5 o'clock this morning the heavens were as black as coal, and the atmosphere was stifling. There was a great cloud in the sky in the direction of Mont Pelee, from which incessant flashes of lightning were discharged. Ashes and stones rained heavily."

"The people were wild with fear, anticipating the fate of the residents of St. Pierre. They deserted their houses, and with frenzied cries rushed into the streets, making their way with all speed to the water front, to get boats to take them anywhere into the open sea to escape the impending danger."

"The correspondent of the Sun and Mr. Ayme, the American Consul to Guadeloupe, boarded the cruiser Cincinnati at the outbreak of the eruption. The launch from the dock, waiting to take Americans aboard of her. At 6 o'clock ashes and stones were still falling. At about 7 o'clock ashes were falling lightly, and the clouds were not so heavy. Under these conditions the people became calmer, and those on the warships Suchet, Cincinnati and Indefatigable returned to shore."

mountain will henceforth be impossible, and that they must be entirely deserted.

Several persons were hurt today by stones crashing through the roofs of their houses. All the water has been polluted by lava. Several villagers are reported to have been killed or drowned. Among the refugees are several cripples. A mother with a baby three days old saw the Potomac, and ran from the village to another with the child on her head and her baby in her arms to get aboard.

NARROW ESCAPE.  
"The expedition which went to St. Pierre yesterday to recover the remains of Mr. Prentiss, the British Consul and his family, and the British Consul and his family, was it is believed, only saved from disaster by the fact that a strong south wind was blowing, which carried the volcanic smoke and ashes from Mont Pelee to the northward away from the vessels carrying the expedition."

"As told in the dispatches yesterday, the latter remarked upon the threatening appearance of the volcano, and between 11:30 and 12 o'clock it began to throw off steam, smoke and ashes, while lightning played in murky clouds above it. The laborers in the party rushed down hill, leaving behind the body of Prentiss, which had been buried in a coffin, but the American sailors bravely tried to bury the body and carried it to the beach."

DANGER SIGNALS.  
"Meanwhile, the British cruiser Indefatigable, which had come from Fort de France, had run out five miles to sea. The Potomac kept blowing her whistle as a danger signal to hurry the landing party to the beach. The situation was momentarily becoming more dangerous, and orders were given to leave the coffin on the beach while the party hurriedly took to their boats and made for the Potomac."

"The American cruiser Cincinnati was in the roadstead, and her commander ordered the Potomac to cruise along the shore and look out for refugees. Dense masses of black smoke were towering for several miles above the volcano, while streams of lava were pouring into the sea, causing steam to rise in great clouds from the water. The situation was as though a heavy fog was prevailing."

CONSUL'S BODY SECURED.  
"The outbreak lasted some time, but gradually abated its violence. Then the Potomac returned and secured the body of Prentiss, which was carried to the Cincinnati, and brought to Fort de France. It is not known yet whether the Indefatigable returned to St. Pierre to secure the body of the British Consul."

REPORT OF THE SAILING OF THE COLLIER Sterling for St. Vincent was erroneous. She had been ordered to discharge the provisions aboard of her at Fort de France, where she will be placed in charge of the officers of the French cruiser Suchet.

INUNDATION OF MUD.  
(BY THE NEW ASSOCIATED PRESS—P.M.)  
FORT DE FRANCE, May 20.—A severe rain storm, which has swept over the northeast coast of this island, at 2 o'clock this morning swept away twenty houses and fifty other buildings were damaged by the flowing mud, which has swept over the hills of la Riviere. There was no further loss of life. Passes Point having been abandoned several days ago.

## Terrific Storm on the Ohio.

### Breaks Over Cincinnati and Covington.

#### Six Deaths and Over Million Dollars' Damages.

##### People Drowned in Cellars—Texas Tornado Victims—Mine Horror.

(BY DIRECT WIRE TO THE TIMES.)  
CINCINNATI, May 20.—Shortly after 11 o'clock today this neighborhood was stricken by a terrifying wind and rain storm, causing the death of six persons, and injuring many others. The fury of the storm continued only a half-hour, but in that time over a million dollars of damage was done in the business section of Cincinnati, and as much more in other parts of the city and suburbs. The dead:

WILLIE WILLEN, aged 4, drowned in Covington.  
CLEM DAVIS, teamster, drowned in Covington.  
GEORGE BRICKER, teamster, drowned in the street of Cincinnati.  
FERDINAND RAPP, drowned in a cellar in Cincinnati.  
D. W. C. BELLEVILLE, a carpenter, blown from a roof in Cincinnati.

Prior to the unprecedented fall of rain, the city became as dark as night. It was afterward learned that there had been a terrific waterpout on the Lewisburg hills, in the southern suburbs of Covington, passing up the Miami Valley, and causing damage as far away as Dayton, O.

While storm damages are reported throughout Kentucky, the worst point seems to have been in Covington. The water rolled down the hills in a twenty foot deep in places, and was about 100 yards wide. The frame house of Edward Whitley was carried for a distance of over four blocks, and finally was dashed to pieces in the Covington ball grounds. The house was occupied by four families. Henry Wilken and wife, and four children, William Simpson and his wife and children, and Henry Quabrick and family, and Mrs. George Finchner. All had narrow escapes except Mrs. Finchner and Willie Wilken, aged 4 years, who were drowned. Mrs. Wilken and her other children were all drowned when rescued. It is believed that Mrs. Finchner, a sister of Mrs. Wilken, lost her life in trying to save Willie.

by the overflow, while the father was attempting to get them to the high ground. At Preston, Harry Conkey, a well-known horseman, was killed by lightning, as he was driving some of his horses to the barn. Four other persons are reported drowned and much property destroyed there.

At Aberdeen, S. D., two men were killed by lightning. The four-year-old son of H. Tolson also was killed.

At Neche, N. D., three young men, crossing a swollen stream, were engulfed and drowned. At Bloomer, Wis., Evelton Ganug was killed by lightning.

At Duluth a windstorm caused considerable damage to property, and injured six persons.

DEATH ROLL SWELLING OF TEXAS TORNADO.  
NEWLY-MADE GRAVES AMONG THE OVERTURNED TOMBSTONES.

Several of the injured cannot survive and when their names are added to those killed the total number will exceed one hundred.

(BY THE NEW ASSOCIATED PRESS—A.M.)  
GOLDAD (Tex.) May 20.—With the death today of the three persons injured in Sunday's tornado, the total number of dead is ninety-five. W. J. Ford, Mrs. John Angerstein and a negro woman died this afternoon. It is believed that several more of the injured persons cannot survive.

There were many funerals again today, and the same short service was observed as on the preceding days. Forty-five negroes have been buried. But little effort is being made to obtain their names. The undertakers are rushed, and have not much time for elaborate details. The cemetery where the white people are buried was wrecked, and the newly-made graves are among the overturned tombstones.

## Cuba Now a Free Government.

### Hopes of Many Years Find Fruition.

#### United States Ushers it into Family of Nations.

##### Americans Withdraw and Cuba Libre Flag Supplants the Stars and Stripes.

(BY DIRECT WIRE TO THE TIMES.)  
HAVANA, May 20.—(Exclusive Dispatch.) On Morro Castle, as the sun rose to its meridian, the first gun was fired by Cubans in the new salute of "forty-five" to the American flag, the last of which was to be the signal for the lowering of the standard of the United States.

Morro Castle was crowded with patriots. Cuba was crowded with patriots. The Cuban flag was lowered, and the American flag was raised. The Cuban flag was lowered, and the American flag was raised.

At the conclusion of the national salute, and simultaneously with the flag-raising on the palace, where the inauguration ceremonies were in progress, the American standard was lowered in token of the nation's good faith and honor. The opposite side of the bay was crowded to the water's edge with people who shouted with one voice: "Viva Estados Unidos! Viva Cuba Libre!"

From housetops crowds of enthusiastic Cubans waved small flags of the new republic. The flag was lowered, and the American flag was raised. The Cuban flag was lowered, and the American flag was raised.

### CUBA LIBRE NO LONGER A DREAM, BUT REALITY.

Havana and Santiago Evacuated by American Troops and Remains of Power Handed Over to President Palma—Cubans Delirious With Joy.

(BY THE NEW ASSOCIATED PRESS—P.M.)  
HAVANA, May 20.—(By Atlantic Cable.) The United States has redeemed her promise to the world. Havana and Santiago de Cuba today were evacuated by American troops, the reins of power were handed over to President Palma, and now the government of Cuba is free and tonight the whole island is delirious with joy.

Dramatic as was the remarkable demonstration when the flag of the United States was lowered and the flag of the new republic hoisted in its place at noon today on the palace where Spain had ruled the island for centuries it was hardly more stirring than the magnificent friendly demonstration which attended the departure of the cruiser Brooklyn as she sailed out of Havana Harbor a few minutes before 4 o'clock this afternoon.

A flotilla of harbor craft loaded to the guards with people and dressed with bunting from stem to stern, escorted her. The water front was a mass of people and the old fortification at La Juntia, which, with Morro Castle opposite, guards the entrance to the narrow neck of the harbor.

### Cuban Reciprocity in a Bad Tangle.

### Friends of Bill Afraid to Call it Up.

### Discussion of Concentration Camps—Public Building Bill Reported.

(BY DIRECT WIRE TO THE TIMES.)  
WASHINGTON, May 20.—[Exclusive Dispatch.] The Republican members of the Senate Committee on Cuba have a conference today on the Reciprocity Bill and get a severe jolt. This meeting was to be in the nature of a harmony meeting, at which the fine old scheme for ripping the tariff off Cuban sugar was to be put through without the least trouble. But there was trouble.

It is New England that is clamoring most for reciprocity with Cuba, and when Senator Aldrich of Rhode Island was charged with the bringing of the Cuban bill up in the Senate, there would be a motion to add to it the French reciprocity treaty, which reduces the duty upon certain knit goods, that both France and New England manufacture, he nearly had a convulsion.

This notice tied Cuban reciprocity into another hard knot. Senator Spooner and Senator McKim, both members of the committee, appeared against a cut in the Cuban tariff, and Senator Spooner suggested some sort of rebate plan that would help the Cubans, but would not help the American sugar trust. And so the meeting ended with a tangle as great as ever.

#### TO SWAP LANDS.

NEEDHAM'S BILL.  
(BY DIRECT WIRE TO THE TIMES.)  
WASHINGTON, May 20.—[Exclusive Dispatch.] Representative Needham has introduced in the House a bill providing that in cases in which a tract of land covered by an unperfected bona fide claim or by a patent is included within the limits of the Sequoia National Park, set aside by an act of Congress, approved September 25, 1890, and the Yosemite and Gen. Grant National parks, set aside by an act of Congress, approved October 1, 1890, the settler or owner thereof may, if he desires to do so, relinquish the tract to the government and secure other land, outside of the said park, in accordance with the provisions of the law relating to the relinquishment of lands in forest reservations created under section 24 of the act of Congress approved March 2, 1891.

#### ARMY BOARD REPORT.

DOOMED TO LONG SLEEP.  
(BY DIRECT WIRE TO THE TIMES.)  
WASHINGTON, May 20.—[Exclusive Dispatch.] The Secretary of War today sent to Congress the report of a special army board appointed more than a year ago to choose sites for the location of army camps and posts. The substance of this report was made public about six months ago, and it then appeared that the board, of which Gen. Miles was the head, had located an army post near Los Angeles.

In sending the report to Congress Mr. Root was merely obeying the resolution of Congress calling for the report. It is a very voluminous document, and will require several weeks to get into print, after which it will be considered by the Military Affairs Committee.

There is very little chance that any money will be appropriated for locating new camps and posts at this session of Congress. In fact, it probably will be impossible to get a report from the Military Affairs Committee, because the majority of the Republican members of that committee are recorded as against the measure for this session.

#### ALKALI AT FRESCO.

GOVERNMENT INVESTIGATION.  
(BY DIRECT WIRE TO THE TIMES.)  
WASHINGTON, May 20.—[Exclusive Dispatch.] The Department of Agriculture today notified Senator Perkins that an investigation into the drainage problem at Fresno would be commenced immediately to find out what must be done to stop alkali damage there. Although Congress did not appropriate as much money as is really needed for the work, the department says it will conduct investigations without financial or other aid from residents of that locality. The department will also commence experimental work on pumping water for irrigation for the benefit of the people of San José valley at the same time.

#### PUBLIC BUILDING BILL.

GOT M'CLACHLAN EXCITED.  
(BY DIRECT WIRE TO THE TIMES.)  
WASHINGTON, May 20.—[Exclusive Dispatch.] The Public Building Bill was reported to the Senate today by Senator Fairbanks with the California provisions as heretofore reported. As soon as the bill came in Representative MacLachlan rushed around the Capitol waving a telegram from someone in Los Angeles saying that the necessary land could not be had for the amount appropriated by this bill. Those who are in charge of the bill will go along and get the money first and then talk about the price of the land hereafter.

#### CROP CONDITIONS.

WEATHER BUREAU'S REPORT.  
(BY THE NEW ASSOCIATED PRESS—A.M.)  
WASHINGTON, May 20.—The Weather Bureau's weekly summary of crop conditions contains the following:  
The drought conditions prevailing at the close of the previous week in the South Atlantic and Gulf States have been largely relieved, except in Southern Florida, but the continued dry weather in the Ohio Valley and Middle Atlantic States, with low temperatures during the first half of the week over the northern portion of the Middle Atlantic States and in New England, have proved unfavorable, while the Dakota, Minnesota, and

portions of Iowa have suffered from excessive moisture. Frosts, more or less destructive, were quite general in the lake region, upper Ohio Valley and in the northern portions of the Middle Atlantic States and New England. The temperature condition in the lower Ohio, Mississippi and Missouri valleys and throughout the Eastern States was generally favorable, but on the North Pacific Coast and the Middle Plateau districts the week was much too cool. Winter wheat has experienced no material improvement in the States of the Ohio Valley. In Missouri the crop continues in exceptionally promising condition, although some lodging is reported, and further improvement in Nebraska and Arkansas and more favorable conditions in Northern Kansas are indicated. The crop was made vigorous growth in Oklahoma, and harvesting with light yields in progress in Texas.

The Pacific Coast winter wheat has made favorable advancement and is ripening in the San Joaquin Valley. Under exceptionally favorable temperature conditions, germination of spring wheat has been rapid, and over the southern portion of the Pacific Coast the early sowing is making vigorous progress, but continued wet weather still delays seeding in the lowlands in the Red River Valley.

On the whole the fruit outlook is less favorable. Peaches are dropping very extensively in the Gulf States, but in the Ohio Valley and Middle Atlantic States there has been further improvement in fruit.

#### DISMISSED FROM SERVICE.

CAPT. NEUMANN OF MARINES.  
(BY THE NEW ASSOCIATED PRESS—A.M.)  
WASHINGTON, May 20.—Capt. Bertram S. Neumann of the Marine Corps, has been dismissed from the Naval Service as a result of his trial by court-martial at Pensacola, Fla. Capt. Neumann was tried on four charges: Scandalous conduct tending to the destruction of good morals; disobeying the lawful order of his superior officers; falsehood and conduct in the presence of good order and military discipline.

Capt. Neumann's trial grew out of irregularities in his accounts of the capture of the submarine U-151. The court found him guilty of all the charges and sentenced him to dishonorable discharge from the service, but recommended clemency on the part of the reviewing authority in view of Capt. Neumann's excellent professional record, and because of his mental condition, which the court stated "incapacitated him from proper appreciation of his responsibilities and obligations."

Secretary Moody approved the sentence and forwarded the recommendation for clemency. The President confirmed the secretary's action.

#### BLIND CHAPLAIN HURT.

TOES SMASHED BY HORSE.  
(BY THE NEW ASSOCIATED PRESS—P.M.)  
WASHINGTON, May 20.—Blind Chaplain Milburn of the Senate was struck by a runaway horse attached to a buggy as he was leaving the Capitol today, just after offering the prayer at the opening of the session. The large toe of one foot was cut off and several of the other toes were badly injured. The accident would have been far more serious but for Mr. Milburn's daughter, who pulled him from the path immediately in front of the runaway horse as it was about to dash upon her father.

#### GERMANS ON ISTHMUS.

UNDER AMERICAN PROTECTION.  
(BY THE NEW ASSOCIATED PRESS—P.M.)  
WASHINGTON, May 20.—Through the State Department, the Navy Department has been requested by the government of Germany to look after the safety and welfare of German subjects on the Isthmus of Panama. The request has been promptly granted, and the cable instructions have gone forward to Commander McCrea of the Machias on the Gulf side, and to Capt. Reininger of the Philadelphia on the Pacific coast of the Isthmus, to extend the same degree of protection to Germans as Americans in case they are threatened by disturbance of the revolutionary movements in that part of Colombia.

#### FIFTY-SEVENTH CONGRESS.

REGULAR SESSION.  
(BY THE NEW ASSOCIATED PRESS—P.M.)  
WASHINGTON, May 20.—SENATE.—The subject of the concentration of the inhabitants of the Philippines into camps was a leading topic of discussion in the Senate today. Mr. Bacon of Georgia attacked the policy of concentration, likening it to the reconcentration camps established by Gen. Weyler in Cuba.

Mr. Foraker of Ohio defended the action of the military authorities in establishing the camps in the Philippines as wise and proper, and as a means of protecting friendly Filipinos from assassination at the hands of roving bands of insurgents. He read a description of the camps to show that they were not camps of instruction and sanitation.

Mr. Hoar of Massachusetts spoke briefly in support of Mr. Bacon, criticizing the concentration camps, and pointing out the difficulty in getting army officers to testify regarding the situation.

#### SENATE ROUTINE.

A resolution offered by Mr. Stewart of Nevada, providing that a compilation of all treaties, regulations and laws relating to Indian affairs be made, was laid before the Senate. The bill of Maine had offered an amendment providing that no expense should be attached to the preparation of the work. In explanation he said the purpose of providing clerks for the purpose of doing their duties "already adequate" ought to be stopped. Finally the amendment was withdrawn, the resolution was adopted, and a bill to regulate the introduction of eggs of game birds into the United States for propagation was passed.

A resolution offered by Mr. Spooner of Wisconsin was adopted, providing that Hon. O. H. Platt, Senator from New York, be empowered to sign certain bills, that the President be informed of this action.

#### MR. BACON'S WALL.

Consideration of the Philippine Government Bill then was resumed. Mr. Bacon of Georgia, addressing the Senate in opposition to the measure, he said that there was in part civil government now established in the Philippines under the power which was as full in all its powers as was conferred by the pending bill. Under the present law, the power is in the exploitation of the islands could be exercised.

show that it contained a broad and unlimited grant to the Philippine Commission to dispose in unlimited fashion of the public domain in the Philippines. He declared that an examination of the bill would show that a corporation could obtain a million acres of land as easily as it could get five thousand acres.

Mr. Lodge, ex-chairman of the committee, interrupted to that section 77 of the bill restricted the ownership of land by a corporation to 5000 acres. "It is confined to corporations engaged in agriculture," replied Mr. Lodge. "are limited in their holdings to lands necessary to their purposes."

Mr. Bacon thought a corporation might be organized to control all the mineral lands in the Philippines. In so grave a matter as the disposition of the public lands in the Philippines he thought there ought to be the direct action of Congress or at least the approval of Congress. Instead of entrusting the matter to the Philippine Commission.

"The purpose of the United States to retain the Philippine Islands in colonial dependency, or to grant them a government of their own," said Mr. Bacon. "That, he thought, was the great, central question around which all other questions relating to the islands must revolve."

"If," said he, "we have the islands under a free government—whether partial or absolute—then now is the time for Congress to act upon the purpose."

All other corporations," replied Mr. Lodge, "are limited in their holdings to lands necessary to their purposes."

Mr. Bacon's trial grew out of irregularities in his accounts of the capture of the submarine U-151. The court found him guilty of all the charges and sentenced him to dishonorable discharge from the service, but recommended clemency on the part of the reviewing authority in view of Capt. Neumann's excellent professional record, and because of his mental condition, which the court stated "incapacitated him from proper appreciation of his responsibilities and obligations."

#### TO BE REPORTED ADVERSELY.

WASHINGTON, May 20.—The Senate Committee on Isthmian Canals has decided to report adversely Senator Foraker's bill placing the matter of the selection of an inter-oceanic route in the hands of the President. The measure was especially opposed by the supporters of the Nicaragua route.

#### ENCOURAGING REPORT ON PANACEA.

WASHINGTON, May 20.—The reports of Lord Pancoe's condition are encouraging. The reports of his friends today have been for the past week. Last night he enjoyed much natural sleep, and he rested easily today.

BLACK CIRCLE FORMS AROUND HEAD OF VICTIM.  
Doctors Unable to Cope With it and Several Deaths are Occurring Daily—American Residents Appear the Most Susceptible to Attack.

(BY DIRECT WIRE TO THE TIMES.)  
EL PASO (Tex.), May 20.—[Exclusive Dispatch.] A disease, terrible in its results, has made its appearance in the Green Consolidated Mining Company's camp at La Cananea, Sonora. The three physicians located at that place are unable to combat with the malady, and already it has made its ravages among the Americans, who number about three thousand. The death rate for several weeks has been from three to five a day. The floating population is rapidly leaving the town, and among the residents large loss of life is feared.

#### RELIEF FOR ST. VINCENT.

(BY THE NEW ASSOCIATED PRESS—P.M.)  
LONDON, May 20.—The Governor of the Windward Islands, Sir Robert Llewellyn, cables from St. Vincent to the Colonial Office as follows: "All immediate wants now supplied. Have ordered lines for the construction of houses, through His Majesty's Ambassador at Washington and the Governor-General of Canada, at a cost of \$100,000. Please instruct those offices to cooperate and arrange for the payment."

DENOUNCES WASHINGTON AS AN UNGRATEFUL STATE.  
Virtually Says That if Merger Suit is not Withdrawn He Will Take Steps to Make the People of the State Repent It.

The House then proceeded to the consideration of claims bills on the private calendar. During consideration of bills on the private calendar a measure to pay George Rushberger of Johnstown, Pa., \$500 for discovering and capturing Santa Ana's money at Cerro Gordo, N. M., in 1841, was called up. The House, however, was not in the humor to pass the bill at this time. It was postponed until the enacting clause was stricken out. A number of bills on the private calendar were called up and the house at 5:30 p.m. adjourned.

#### WASHINGTON BRIEFS.

PENSIONS GRANTED.  
WASHINGTON, May 20.—[Exclusive Dispatch.] Residents of Los Angeles were granted pensions today as follows: Preston McKinley, \$5; Levi G. Courtney, \$5; John B. Batcher, \$10; John W. H. **NEW YORK, May 20.**—Carnegie Hall was crowded to the doors tonight with an eager throng to hear the address of President Roosevelt in the interest of the Presbyterian Home Missions, the occasion marking the close of the centennial celebration. Many of the audience remembered that President Cleveland had made addresses on the same platform on the same date.

The speaker at the commission of the General Assembly with as much of their friends as could be gathered. Two tiers of boxes were filled with men and women who are interested in the Presbyterian Home Missions. They were about four hundred in all. The platform was not crowded, not a bit of standing room. The entire audience, and the President's party, were seated.

President Roosevelt took his place on the platform. He received a warm ovation. When the applause subsided, he said: "I am glad to see you here. Dr. Vanduyke and the Rev. Dr. Stewart Dodge, who have been with me since the beginning of this American," said Mr. Roosevelt, "is a country where God has made a home for every man and woman who feared God; and this nation is receiving its strength and support from God. The centennial celebration of our nation has reason to keep the memory of our church still alive in the hearts of men and women to keep up the work."

President Roosevelt greeted the audience with a review of the history of the Presbyterian Home Missions. He said that the work of the church is to reach the people of the world. **CONSUMPTION CURED.**

**Mr. Edward Schubert and Mrs. H. C. Allington, Whom the Doctors Said Had Incurable Consumption, Were Permanently Cured by DUFFY'S PURE MALT WHISKY.**

**STOPPED HEMORRHAGES.**

**NEW YORK, N. Y., Feb. 18, 1902.**

Gentlemen: It is with great pleasure that I write to inform you that I have used eight bottles of your Pure Malt Whisky. I would not have been here today only for your wonderful medicine. I have used all kinds of cough syrups and been under the care of doctors. I have had three severe attacks of grip and pneumonia, which have left me with a bad cough and weak lungs and heart. I am 47 years old. It has been over 10 years that I have been suffering with my lungs. I only regret I did not know of your whisky before. I cannot express what it has done for me. I beg to remain, yours respectfully, MRS. H. C. ALLINGTON.

**QUICKLY CURED.**

**NEW YORK, N. Y., Feb. 18, 1902.**

Dear Sir:—I picked up one of your circulars on a table about a month ago and read it through. After reading I went out and bought a bottle of your whisky, which helped me right away. I am now on my feet, using it for my so-called incurable consumption, and I feel like a new man. I think that if I had known of your whisky when I was at home in Chicago, I would have been cured long ago. I am, Sir, MRS. H. C. ALLINGTON, 1001 Market Street, Denver, Colorado, U. S. A.

These are some of the many like that of Mr. Schubert and Mrs. Allington, where the patients thought they had incurable consumption until their doctors prescribed Duffy's Pure Malt Whisky. Duffy's Pure Malt Whisky is an absolutely pure and wholesome curative power than all other medicines. It contains no alcohol, no opium, no cocaine, no strychnine, and which is a dangerous ingredient in whisky. The pure malt whisky is the only one that is pure and wholesome. It is the only one that is pure and wholesome. It is the only one that is pure and wholesome.

**THE NEW ASSOCIATED PRESS—M.I.**

**NEW YORK, May 20.**—A fire at the New Jersey State Hospital for the Insane at Morris Plains caused wild excitement among the 2500 patients. The guards were only able to restrain them by the most vigorous efforts.

When the fire was first discovered in the laundry, the patients were hastily brought together in the yard, and surrounded by a cordon of guards and attendants, who held them back when they made an attempt to run. Nearly all the patients were in the dormitories, which made the work of getting them out of the building much easier, as they could be marshaled, as at the regular fire drill. **Forward Car Jumped the Track and Was Followed by Rest of Train, a Dozen Cars Piling Up in a Heap, Thirty Feet Below.**

**THE NEW ASSOCIATED PRESS—M.I.**

**ARMORED (T. E.) May 20.**—A construction train on the Choctaw, Oklahoma and Gulf Railway plunged through a high trellis twelve miles east of Ardmore this morning. Four men were killed and twenty-one injured.

Among those believed to be fatally hurt is A. M. Oliphant, a patent attorney of Tishomingo, who was riding some on the work train. The other dead and injured are members of the construction gang or train crew. The dead: CHARLES A. BLACK, Tishomingo, I. T. JAMES DOLAN, Fort Smith. J. R. GAINES, residence unknown. JIM HOPKINS, Tishomingo. A. M. OLIPHANT, Tishomingo. JAMES WEARE, Tishomingo. H. D. CLARK, Tishomingo. A. D. FURNEY, internal injuries. WILLIAM SHIPP, internal injuries. Unknown man, internal injuries. The railroad officials are unable to assign a reason for the wreck. The train was running at the rate of eight miles an hour when the forward car jumped the track, followed by the rest of the train. A dozen cars piled up in a heap thirty feet below. The engine remained on the track. The dead and injured were brought to this city and placed in the hospital, where they were attended by local physicians, and others were taken to McAlester. J. R. GAINES died shortly after reaching the hospital. The relatives of the dead, and those care of the injured have been notified.

happy, anecdotal way by Hon. J. E.  
McComas, one of the pioneer residents,  
and then Sidney W. Haskell, editor  
of the Progress, pictured "Pomona's  
Future," after which Mr. Pratt sang  
the "Steen Song," and it was long after  
midnight when he narrowly escaped the  
unanimous opinion being that the  
evening was most profitably spent.

**PASADENA BREVITIES.**

James Nolan, the man who was run out of town by public sentiment last fall when he defamed President McKinley, is again here. A crisis which is now doing "missionary work" in Ireland. It is presumed that he chose the Emerald Isle because there are no snakes there. He was addicted to the stuff that brings them.

President Mr. D. T. S. Denison of the General Federation of Women's Clubs, who was presented by Walter Raymond of Hotel Raymond with a loving cup, significant of "Pasadena Day" was written to Mr. Raymond, acknowledging the gift and thanking him for it.

**VITALITY RESTORED. "CUPIDENE."** This great remedy...  
the prescription of a famous French physician, will quickly cure you of all nervous diseases, such as lost vitality, weakness, poor back, nervousness, indigestion, loss of sleep, etc. It restores the vitality, the blood, the strength and the energy of all parts of the body. CUPIDENE strengthens and restores the system.

The reason sufferers are not cured by doctors is because 90 per cent are troubled with Prastatite. CUPIDENE is the only known remedy to cure without all operation. ## VITALITY RESTORED.

"CUPIDINE," the great vegetable Vitality Restorer, restores the prescription of a famous French physician, who wisely cured you of all our ailments, such as Loss of Strength, Lack of Energy, Impaired Memory, Debility, Stomach Troubles, Indigestion, Headaches, Nervousness, and all the other exhausting Disorders. Varicose and Catarrhs. CUPIDINE cleanses the liver; the kidneys; and the urinary organs of all impurities. CUPIDINE strengthens and purifies the blood.

The reason sufferers are not cured by doctors is because 99 per cent are treated with Potassium, Iodine, or Sulphur, the only kinds of medicine that are not essential. A written guarantee gives you money returned if it does not restore a permanent cure. Write at once for a free trial bottle and complete literature.

WAGON STRUCK BY TRUCK.  
LONG BEACH, May 29.—John J. ens, a resident of the Alamitos, was run down by a Salt Lake truck this morning and narrowly escaped killed. He was driving to work in four horses and two wagons. The four-street crossing of the S. R. road there was a string of traffic extending each way so as to prevent the truck from approaching at full speed. The team was on the track before the engine which was then in front of him was ready to start. He missed the front wagon. The truck was struck by the engine, the horses demolished, but no harm was done.

**LONG BEACH REVIVITS.**  
The action of the City Council tonight in refusing a permit to T. J. to run a merry-go-round on the west end of the new bathing grounds, has attracted considerable comment. Trustees Cate and Cammubell, who were in favor of the permit, while Walker was opposed to it, and the matter was on that day. As the council would not pay without the permit of the Sunday school, the council closes the incident.

The Council called a meeting of City Hall tonight for the purpose of organizing a volunteer fire department and secured a pledge of support from at least half of those present.

POMONA, May 28.—One of the most enjoyable and successful banquets ever arranged by a local organization, that held at Hotel Palomares on Tuesday evening, by the Pomona Board of Trade, was given by the members of the board met joy an evening of good fellowship and to talk over business and projects for the future. It was a representative body of merchants and business men. The first of the evening was given over to informal reception in the office parlors of the hotel. At 9 o'clock a banquet was served in the room, where the long tables were arranged. The decorations were nations, roses and smilax, and a menu was served in courses. The music was furnished during the progress of the feast by Miss Loty of Los Angeles, violin; T. H. Hunter, clarinet; Miss Ough, piano, and Hunter, concert. When coffee had been passed the toast of J. Albert Dole, president of the Board of Trade, after welcoming the guests, was given by C. B. Messinger, secretary, who read an interesting paper upon "Our Board of Trade Work." He was followed by the general secretary of the Los Angeles Chamber of Commerce, Frank W. who was a guest of honor, and who for his subject, "Local Board of Trade: Their Mission." Mr. W. offered valuable suggestions, and the new activity of Northern California in the matter of advertising locally, and urged the concrete local work and liberal support of Southern Californians in keeping this well advertised by up-to-date Mr. Francis L. ## Wednesday's Matchless Colored Shirtwaist Sale.

Matchless showing of these summer garments at prices to suit all pocketbooks.

For general purposes white shirtwaists show soil too easily. Colored waists are just as attractive; for there is such harmonizing of color and pattern in the Gingham, Madras and Mercerized fabrics; and the tasteful conceptions in the way of tucking, pleating and lace insertion effects are equally effective, and styles are the same in all textiles. Now we are speaking from your economic standpoint as customers, in suggesting colored shirtwaists. But certain it is, if you contemplate purchasing colored shirtwaists, the Hamburger store is the place to get them; and this sale the opportunity. We show larger assortments and more styles than the combined stocks of other stores—and prices are lower for the same quality, or better quality for the same prices—for "What Others Advertise We Sell for Less."
